(4) Project description: This is the 1st Mandarin speaking project. Please choose one topic and work on your speaking script. Make a video or record a soundtrack to complete this project.

(5) How to do it?

1. write your script on a Google doc(you can either use the sentence pattern I provide or create your own) and share it with me.

2. After I modify the wording and approve, you can start to make a video of your speaking. Mind, please practice this script as many times as you can before you record. **If you don't feel comfortable to show your face, you can just record your voice.** Share your audio or video with me via Google drive.
